

ESSEN

Datum Cabinet

儀 器 櫃

儀器櫃是特別為配合電訊及科技市場而發展的專用櫃。備有抽氣扇、插座、鍵盤拉板、數據機層板、氣孔層板等配件，前門為有機玻璃及開放式兩大種類。除標準尺寸外亦歡迎客來規格訂做。一般用作放置分器、放大器及網路電線接線板。附裝抽氣扇能有效地抽出儀器(列如:中央機、資料機、放大器)所發出的熱量。

Designed specially for the telecommunication and IT industries, these cabinet are build to the industrial EIA-310D rack mounting standard. They come with many accessories and options such as vented shelves, modem shelves, keyboard trays, ventilation fans and power distribution bars. These cabinets could also be build to clients' specifications.

Typical applications are to house hubs, repeaters and patch panels for network cabling. With ventilation fans this cabinet is ideal for applications where high heat dissipation is involved (i.e. CPU, modems and active repeaters).
